

## WEB101 Prework

 Student Name: Sahaf Khan

 Email: sahafkhan2@gmail.com

### Submission Checklist

 Check off each of the features you have completed. **You will only be graded on the features you check off.**

- ☒ Question #1 answered below ~~(all 3 subquestions with minimum word count)~~
- ☒ Question #2 answered below ~~(all 3 subquestions with minimum word count)~~
- ☒ Wireframe

### Individual Brainstorm

 **Question #1:** Describe your website subject in detail:

What do you already know about your social impact topic? (50+ words)

My social impact topic involves creating a website that focuses on current global crises and provides donation links based on each crisis. The website aims to provide up-to-date information, raise awareness, and ensure credibility.

What do you still need to find out about your social impact topic in order to create a meaningful website? (20+ words)

To create a meaningful website for hosting information on current global crises and providing donation links, I must explore crisis data sources, verify charities and NGOs, determine user needs and preferences, conduct marketing and outreach, and measure impact.

Who are the stakeholders involved with/affected by your social impact topic? ie children, people living in cities, politicians, CEOs, female-identifying persons (20+ words)

For a website focused on current global crises and providing donation links, the key stakeholders involved or affected include affected populations, humanitarian organizations, donors

? **Question #2:** Describe your proposed website in detail:

What is the purpose of your website? (30+ words)

The purpose of my website is to provide a centralized platform that informs Users of up-to-date information on current global crises with articles, including details about the nature of each crisis, affected regions, and the impact on populations. Directs users to reputable charities and NGOs working to address these crises, making it easy for individuals to contribute financially to relief efforts. Educates the public about the severity and ongoing needs related to various crises, encouraging informed and compassionate action.

Who is your intended user? (30+ words)

The intended users of my website are concerned Individuals, humanitarian workers and volunteers, NGO and charity representatives

How will your user interact with your website? (30+ words)

Browsing and navigation, accessing crisis Information, making Donations

---

## Wireframe

? When creating your wireframe, ask yourself:

- What about your topic do you want shared on your website?
- How do you want your content and website structured?

? Copy/Paste a screenshot of your wireframe or a link to it below (if using a link, make sure it is publicly viewable).
